Mahopac, New York
United States

Your Royal Majesty,

Greetings from a sixteen year old
American boy.

Recently I have been studying the
backgrounds of the all important Eastern coun-
tries. The Maldive Islands have interested me
especially since I have a penpal there.
She has written so many fine things about
Your Highness that I felt compelled to
write.

Along with the studying of these
Asian countries I have been collecting the
autographs of the countries of which I
read. I know how busy you are, but if you
could take time out to send me your sig-
nature I would be deeply elated, proud, and
honored.

Sincere wishes for further success and
happiness

Respectfully
Laurence Larcina
