Dear your Highness,

Would you be so kind as give me the
names or address of one who makes
hand made small wooden vases also one
who can send me shells of the sea. I wish small
amounts as of know. I would like the prices
for such as I wish to do business by mail.

We hear in U.S.A. wish you and your
people the best of health and happiness

Hoping some day you can come to our
great United States on visit to great
Oklahoma state, which is the center of the
U.S.A. We would do our best to make you
happy here.

your truly
