Dear Sultan Farid Didi,

I would appreciate it very much if you would sign the enclosed autograph slip.

I would like very much to add it to my large collection which includes Kings, Queens, Presidents and many prominent people from every profession.

If you have made it a practice of not signing unattached slips, would you please autograph my letter as some rulers have rather than to disappoint me; while most of them prefer to sign their own personal cards.

Regardless of what you choose it will be greatly appreciated.

I have written to you before but as I have not received an answer I feel sure you did not receive my letter.

I feel sure you will not disappoint me; therefore I will be anxiously waiting each day to receive your autograph.

Thanking you,

Sincerely,

Kathryn M. Quinn
