Your Highness.

In a very interesting article in the American "Geographic Magazine", the beauty of your island home is set forth. Your Highness' hospitality in receiving the author with the Hon W. Ibrahim Ali Didi is mentioned, with details of the palace and ordered life, therein.

As a man greatly interested in and offering personal friendship to men of all races and climes I respectfully desire to place before Your Highness folders concerning my very ancient Faith. It concerns the return of Allah's son, commonly known as Christ, to Israel & his inauguration in Allah's Name of a World Kingdom of justice and truth where peace obtains for ten long centuries. I trust that our Malivian friends ^{may} greatly benefit at this time and contribute to the welfare of all others within this glorious Kingdom.
