

ALLAN L. GROPPER
145 EAST 92ND STREET
NEW YORK 28, N. Y.

Your Royal Majesty:

December 30, 1959

I am a fifteen year old American boy. I have a collection of original autographs which includes those of all the Presidents of the United States, all the Vice-Presidents except one, and many other famous people such as Schweitzer, Einstein, and Toscanini. Presently I would like to begin a collection of the signatures of all the heads of government in office as of December, 1959. Thus I would be greatly honored if I could add your autograph to my collection.

Thanking you very much in advance
for your attention and kindness

Sincerely,
Allan Gropper
